

# NELI is finished

We can't believe the 20 weeks are over!

---

has completed NELI (the Nuffield Early Language Intervention). They have sung songs, played games, and learnt so many new words. They have also shared lots of new stories, and have made great progress with listening and paying attention.

## 🎉 Congratulations! 🎉

We couldn't have done  
it without you.

Thank you so much for helping us to support your child's language development. We have loved every minute of the NELI programme.

Goodbye! It has  
been fun  
working with  
your child.

# What next...

These are the things you can do to continue improving your child's language skills at home.. Thanks again for all your help.

## Keep on talking and listening

Keep on talking together. Whatever you are doing, chat about it with your child, taking turns, asking and answering questions, helping them learn new words as you go. You can sing songs, play word games like 'I spy', make up silly words together - have fun!

## Continue building attention - and have patience!

Remember you can help your child by encouraging them to focus on what you are saying, and by paying attention to what they say. Carry on being patient and give them time to think about what they want to say back to you.

## Keep on sharing stories together

Carry on sharing stories - encourage your child to join in, ask questions, and make comments. If the story is in a book, they can point to the pictures and discuss what they see with you. You can also tell stories from memory and they can help. Stories are not just for bedtime!

Try these at home
